

Michael B. Andrews, MD

Michael B. Andrews, MD has treated all forms of cancer and blood disorders at Northwest Georgia Oncology Centers, P.C. since 1991. He has a special interest in treating patients with lung, breast and gastrointestinal cancers.

Dr. Andrews currently serves as the Chief Cancer Officer for WellStar Health System and an advisory board member for the Georgia Center for Oncology Research and Education (CORE). He is active in the STAT Lung Cancer Consultation Service and Breast and Gastrointestinal malignancy conferences and actively involved in cancer research and clinical trials to provide his patients with the most advanced cancer treatment available in Georgia.

Dr. Andrews provides patient-centered cancer care at NGOC's at Marietta Cancer Center.
