

Randall E. Pierce, MD

Randall E. Pierce, MD joined the cancer care team of Northwest Georgia Oncology Centers, P.C. (NGOC) in 1998 after completing his internship, residency and fellowship in medical oncology and hematology at North Carolina Baptist Hospital in Winston Salem, NC.

With a special interest in myeloma and lymphoma, Dr. Pierce is actively involved in cancer research and clinical trials to find a cancer cure and provide his patients with the most advanced cancer treatment available in Georgia.

“I take care of the whole patient. That includes educating patients so they can fully participate in the treatment process and addressing their physical, social, emotional, and spiritual needs.”

Dr. Pierce delivers patient-centered cancer care at NGOC’s **Carrollton Cancer Center** and **Villa Rica Cancer Center**.
