

William L. Forehand, III, MD

William “Trey” Forehand III, MD treats all forms of cancer and blood disorders at Northwest Georgia Oncology Centers, P.C. He has a special interest in blood cancers and other blood conditions.

Dr. Forehand received his medical degree at the Medical College of Georgia in Augusta and also conducted his internship, residency, and fellowship at the Medical College of Georgia. He is currently active in cancer research and clinical trials to provide his patients with the most advanced cancer treatment available in Georgia.

Dr. Forehand provides patient-centered cancer care at NGOC’s Paulding Cancer Center.
